

# Next Generation Network

Securing your connectivity for the future

## Week of 05/19 Migration Reminder for Sloane Physics Laboratory

Dear Yale Department of Physics Colleagues,

This is a reminder that Sloane Physics Laboratory is scheduled to transition to the Next Generation Network **beginning Monday, May 19th, 2025**, and we are sharing the details below again for your consideration. Please utilize the links provided for additional information, if desired.

### Migration Schedule

<b>NGN Migration Activities</b>
---------------------------------

**Sloane Physics Lab**  
**MAY 19 - SEPT. 11, 2025**

Details	Wired Migration	Facilities Migration	Wireless Migration
<b>Date</b>	<b>5/19/25</b>	<b>5/27 &amp; 5/28/25</b>	<b>9/10 &amp; 9/11/25</b>
<b>Time</b>	<b>9:00am-5:00pm</b>	<b>8:00am-4:00pm</b>	<b>6:00am-4:00pm</b>
<b>Activity</b>	NGN technicians working in network closets	Building engineers migrating building systems such as heating, cooling, and ventilation	NGN wireless technicians upgrading wireless access points throughout the building
<b>Potential Impact</b>	Intermittent network disruptions for all wired and wireless devices accessing Yale's wired and wireless networks	Temporary outage for a given system	Temporary, local wireless outage of <15 minutes
<b>Community Advisory</b>	NGN support team and DSPs will be on site in the days following migration. Log a ticket with the <a href="#">ITS Help Desk</a> and mention NGN migration if support is needed	Log a ticket with the <a href="#">ITS Help Desk</a> and mention NGN migration if support is needed	Log a ticket with the <a href="#">ITS Help Desk</a> and mention NGN migration if support is needed
Building Champions prepared to support migration are <b>Layla Nayar, Elena Siuzdak, &amp; Maria White</b>			

*\*Outages will be limited to the **migration windows above** when accessing the network. All work times are subject to change as they are estimates overall. Where the Program Team predicts additional outage time, awareness will be provided to the Building Champion.*

## What You Need to Do

Please ensure you have identified your device and taken the appropriate [preparation steps](#) where required.

## What You Need to Know

1. During wired migration, all wired and wireless networks will experience an outage at some point during the migration window
2. Onsite technical support will be available following wired migration
3. For post-migration support, be sure to log a ticket with the [ITS Help Desk](#) at **203-432-9000** and **mention NGN migration** for prioritization, tracking, and quick resolution
4. Some computers, telephones, and devices may need to be rebooted upon completion of NGN migration
5. The wireless networks you are accustomed to utilizing across campus - YaleSecure, YaleWireless, YaleGuest, and eduRoam - will continue to be available after migration
6. Helpful community resources can be found on the Support Hub of the [NGN website](#)
7. Ongoing, you will log into the network exactly as you did before, using your NetID and password

New to our campus community or need to catch up on former NGN communications? Visit the [NGN website](#) to view [earlier NGN communications](#) for Sloane Physics Lab, access community resources, or log a request for support.

Thanks to your active participation over the past several weeks, we are looking forward to a seamless transition to NGN for our building community.

Sincerely,

**Layla Nayar**

Administrative Services Supervisor

**Elena Siuzdak**

Director of Finance & Administration

**Maria White**

Operations Manager
